

INA KACZ SHE/HER

(ANEELHI REC, ON BOARD – FR)

Ina Kacz's sound is a captivating fusion of tribal grooves and hypnotic rhythms, drawing from a wide variety of influences. The French/Polish artist, now based in Tbilisi, crafts music that always retains an emotional touch at its core.

After her debut releases on Colombian label From A Lost Place and Italy's Pregnant Void, Ina presents in 2024 her debut EP, *Endless*, on her newly founded imprint, *Aneelhi Rec*. This project bridges dreamy half-tempo beats with techno-infused atmospheres, marking a pivotal evolution in her identity. That same year, her track *Zephyra*, featured on Anastasia Kristensen's *absorb emit*, delves into the primal depths of rhythm, pushing tribal grooves into bold new territories.

Ina's DJ sets are immersive journeys—emotive, uplifting, and unrelenting in their intensity—and have brought her to perform in iconic spaces such as Berghain and Tresor in Berlin, Bassiani in Tbilisi, Copenhagen's Den Anden Side or KALT in Strasbourg. As she continues to explore and evolve, Ina carves a unique space for herself in electronic music, where rhythms tell stories that linger long after the last beat.
