

JUSTINE PERRY (Kalt, On Board / FR)

French-born but Berlin-based DJ & producer, Justine Perry proposes a timeless sound of fast-paced, deep and trippy grooves that have gained the likes of many key venues in Europe such as Berghain, Tresor, Rex Club, Khidi, IFZ or Radion to name a few.

Always on the search for new artists to support, Justine has built strong relationships that have brought her to take part in Parisian Resilience crew and becoming a resident DJ at Strasbourg well respected club - Kalt.

As part of the LGBTQIA+ community with appearances in queer parties, Justine embraces the need of building diversity and a safer environment in music.

After spending time, crafting her own vision, Justine's first productions and remixes have finally seen the light on labels like KR Records, Postdynamic or Unknown Movements.
